

# Kadex-RF converter: software option for FieldCommander® devices

## Highlights

Kadex is a system for switches and sensors based on the wireless RF(868.3MHz) technology.

This software option is a protocol converter, enabling the FieldCommander software to send/receive commands to/from Kadex devices.

## Applications: Communication

- Extend your Kadex-device with the FieldCommander communications options, like email; FTP; SMS or remote control.

## Visualization

- Using FieldCommander and this software option it is now easy to link your Kadex device and visualize the system on a webpage.

## Integration

- Your Kadex device can now be integrated with other systems.

## Monitoring, alerting and reporting

- Monitor Kadex devices and extend them with alerting and reporting possibilities using the FieldCommander technology.

## FieldCommander script

- script example included
- support for many dedicated FieldCommander functions included.

### Extra/New

- Communicate with Kadex-RF devices
- Support extra functionality to your Kadex-RF devices
- Support linking systems

### Enable integration

- Link Kadex-RF devices to all other kind of devices FieldCommander is supporting. FieldCommander can be your gateway to other systems

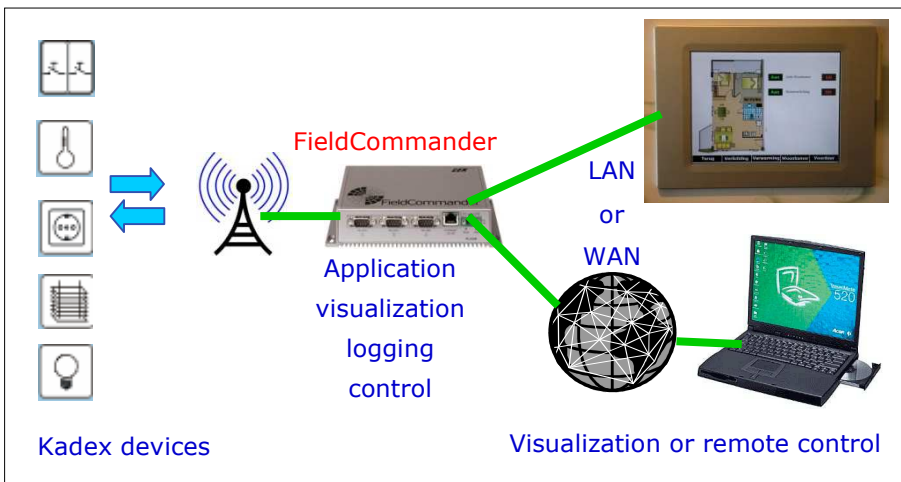

### Support details

- support Kadex-RF for sensors and actors
- Supports Kadex-RF bidirectional
- 1 license for 1 FieldCommander; no license restrictions for Kadex-RF devices.

### Content

- Protocol converter software
- Driver software
- Kadex adapter (interface) included.

## System requirements:

### Communication

- at least 1 free RS232 port is required

### FieldCommander software

- at least 1 free convertercomponent in your FieldCommander sw is required (depending on application more free slots can be required).

### Important !

Options must be ordered with a FieldCommander system.  
Option software will be installed on 1 FieldCommander system.  
Several options can be installed on 1 FieldCommander system.  
For max. number of options please check your system spec.

Kadex is a registered trademark of Kadex GmbH.
