

X10 converter: software option for FieldCommander® devices

Highlights

X10 is a system for devices and sensors based on the X10 Powerline communication technology. X10 is a powerline based communication which is actually an improved version of X10. This software option is a protocol converter, enabling the FieldCommander software to send/receive commands to/from X10 devices.

Applications: Communication

- Extend your X10-device with the FieldCommander communications options, like email; FTP; SMS or remote control.

Visualization

- Using FieldCommander and this software option it is now easy to link your X10 device and visualize the system on a webpage.

Integration

- Your X10 device can now be integrated with other systems.

Monitoring, alerting and reporting

- Monitor X10 devices and extend them with alerting and reporting possibilities using the FieldCommander technology.

FieldCommander script

- script example included
- support for many dedicated FieldCommander functions included.

Extra/New

- Communicate with X10 devices
- Support extra functionality to your X10 devices
- Support linking systems

Enable integration

- Link X10 devices to all other kind of devices FieldCommander is supporting. FieldCommander can be your gateway to other systems

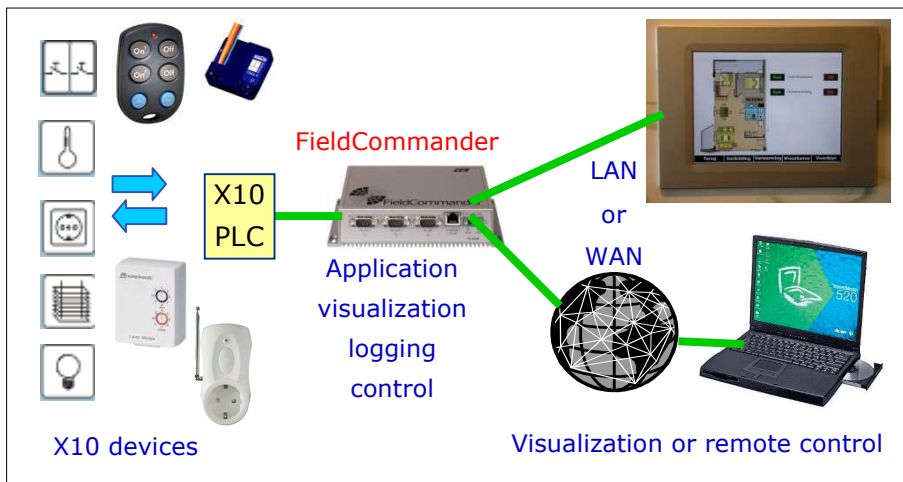

Support details

- support X10 for sensors and actors
- Supports X10 bidirectional
- 1 license for 1 FieldCommander; no license restrictions for X10 devices.

Content

- Protocol converter software
- Driver software
- CM11 adapter is required but NOT included.

System requirements: Communication

- at least 1 free RS232 port with hardware flow control is required

FieldCommander software

- at least 1 free convertercomponent in your FieldCommander sw is required (depending on application more free slots can be required).

Important !

Options must be ordered with a FieldCommander system.
Option software will be installed on 1 FieldCommander system.
Several options can be installed on 1 FieldCommander system.
For max. number of options please check your system spec.

X10 is a trademark of xc bv.
